

We are very pleased to be offering private hire to our valued customers once again.

The safety of our customers and staff is always our priority and we will be offering the following measures to ensure you and your passengers have the safe, comfortable and enjoyable experience that you have grown to expect from us.

- Limited seating capacity;
In order to maintain social distancing we will be happy to provide larger vehicles and can advise on spacing and suitability if required.
- Face coverings;
We recommend that face coverings should be worn when boarding and alighting the coach and when other passengers are boarding and alighting. We will of course work with you to ensure your risk assessment requirements are fully met.
- Increased cleaning;
All vehicles will undergo a deep clean and anti-bacterial fogging prior to departure. They will have regular anti-bacterial touch point cleaning throughout the day with nightly full clean and anti-bacterial fogging.
- Temperature checks;
If you require your passengers to be screened using a contactless thermometer at the start of the day this can be arranged.
- Hand sanitiser;
All passengers and the driver will be required to use the hand sanitiser provided each time they board a vehicle.
- Safe loading and unloading procedures will be advised according to your pick-ups and requirements.

If you have any queries regarding your hire then please do contact us.
